

FISH HAWK

OYSTER BAR

WE FOLLOW THE FISH HAWK

Another name for the Osprey, the "Fish Hawk" has a notoriously social disposition – migrating in numbers along Virginia's shore and allowing birds of very different character to nest nearby. They are the natural caretakers of the Chesapeake and they always know the freshest seafood when they see it.

Fish Hawk at the Tides Inn invites birds of all feathers to come together and share in the bounty of our Chesapeake Bay.
